

Masters • Lisboa

ENVIRONMENTAL ENGINEERING

Direction

Eloi Figueiredo
p4883@ulusofona.pt

Secretariat

Sandra Marina Gonçalves Pinto
engbioamb@crm.ulusofona.pt

Duration

2 Years

Credits

120 ects

Presentation

STUDY PLAN

1st Year / Common Core

1º Semestre	ects	2º Semestre	ects
Characterization and Remediation of Soils and Aquifers	6	Air Quality Management	6
Climate Change and Decarbonisation Strategies	6	Circular Economy and Material Flow Management	6
Environmental Management and Sustainability	6	Environmental Impact Assessment	6
Sustainable Energy Systems	6	Risk Management and Communication	6
Waste Management, Treatment and Recovery	6	Water and Effluent Treatment Techniques (Management and Treatment)	6

2nd Year / Common Core

1º Semestre	ects	2º Semestre	ects
Design and Research in Environmental Engineering	12	Dissertation	30
Modeling and Analysis of Environmental Systems	6		
Seminars in Environmental Engineering	12
