# NATIONAL TRAINING – TECHNICAL RESCUE OF LARGE AND SMALL ANIMALS IN EMERGENCIES AND DISASTERS

## Direction

Laurentina Maria Rilhas Pedroso  
laurentina.pedroso@ulusofona.pt

## Secretariat

Mariana Inês Rodrigues Lopes Ribeiro  
Leitão  
f5853@ulusofona.pt

## Duration

0 Years

## Credits

2 ects

## Presentation

This theoretical-practical course focuses on the particularities of technical rescue of large and small animals (dogs, cats, wild birds, wild mammals, reptiles and others). It addresses the logistical challenges, equipment, triage, first aid and transport of different species in emergency contexts such as fires, water rescue and unstable terrain.
